UNDER THE CLOAK OF GUIDANCE AND MERCY

# Milad un-Nabi Decorations

# MASJID UN-NABI HANGING DOME

## Materials:

- Dome template
- White cardstock
- Green tempera paints
- Needle & thread (Preferably yellow)
- Glue or tape

---

## Instructions:

1. Print and cut out the dome template on cardstock.
2. Prepare different containers with green tempera paints.
3. Have children paint the dome green. Be creative! Children can paint designs of their choosing. You can also use crayons or colored pencils.
4. Once the paint is dry, glue the spot marked "x" to the tab at the other end, to create a cylinder. Make sure the colored side is facing outwards.
5. Prepare a piece of thread or string about 15" long. Double the thread and thread it through the needle, tying a knot at the end.
6. Push the needle through one of the circle-shaped bits on the dome from outside to in. Keep threading it through the remaining circles.
7. Pull the string through the bottom. You can now color and cut the moon and star template. Then, glue or tape them to the end of the string.
